

CREDIT TECHNOLOGIES, INC.

Close More Loans. **Close Loans Others Can't.**

Credit Technologies NetPay is a proprietary debt payment system that allows borrowers and mortgage lenders to payoff most any derogatory account immediately by fax or in person at Credit Technologies Offices. Credit Technologies is then able to update and re-issue the new credit report in just a few hours.

Here's how it works...

A borrower has an account appearing on their credit report that must be paid prior to closing. Instead of taking the time required to obtain a money order or certified check, pay overnight fees to send the payment with the hopes the creditor will verify the account is paid, the consumer or mortgage lender pays the account in minutes using NetPay. Credit Technologies issues payment electronically to the creditor, within a few hours the payment has been sent and the lender has received an updated copy of the credit report showing the paid off account.

- Receive the updated credit report showing the paid off account within 3 hours.
- Consumers are no longer at the mercy of difficult to deal with collection agencies; Credit Technologies handles the transaction for them.
- Make payments using any Visa, MasterCard, Discover or American Express. You can also pay by mail, or in person using money orders, cashiers checks or cash. (Personal checks cannot be accepted.)
- Verifications occur in minutes, and the transaction fee includes updating the credit report.
- Save your borrowers (and yourself) the hassle of buying money orders and paying overnight fees, with CTI NetPay, paying off creditors is fast and easy.

Some restriction apply

NetPay is available only to Credit Technologies members in good standing. All payoff amounts including, collections, charge off, tax liens, judgments, installment loans must be verified by Credit Technologies, Inc. NetPay is available for US based creditors only. Payments must be for balance in full or confirmed, pre-arranged settlement amounts – no partial payments are accepted. A separate request form must be submitted for each creditor being paid. NetPay is available Monday through Friday from 9:00AM to 5:00PM Eastern Time, payments received after hours will be processed the following business day.

NetPay Fees (Includes the cost of updating the credit report.)

Payment amount	Up to \$350	\$35 Per Payment Issued.
